

## Simplifying the Harvest Declarations

### Streamlining the EPR Process

NGR is proud to announce the Combined Harvest Declaration 2011/2012 season, a joint initiative between NGR and eight major Royalty Managers. This will streamline the Harvest Declaration collection process. Through this initiative all eligible growers will receive a single Harvest Declaration from all participating members instead of multiple Harvest Declarations, saving the grower both time and paperwork.

The Breeders/Royalty Collectors that have joined with NGR this year are;

- AGT
- AWB Seeds
- Intergrain
- Monsanto
- Grainsearch
- Nuseed
- Coggo
- Canola Breeders.

NGR believes that through this initiative we can bring greater efficiency to the grains industry as a whole.

A variety list of all seeds and the participating seed breeders is available on the NGR website at [www.ngr.com.au](http://www.ngr.com.au). If you have any questions about the Combined Harvest Declaration please contact NGR by either emailing NGR at [admin@ngr.com.au](mailto:admin@ngr.com.au) or by calling the NGR Contact Centre on 1800 556 630. To better accommodate growers; from the 18<sup>th</sup> April the NGR Contact Centre will be open from 8am-6pm Australian EST.
